Education Background

- 02/2024 **M.S.**, Department of Atmospheric Science, Kongju National University,
Korea (Advisor: Prof. Joowan Kim)
▪ *Thesis title: Analysis of Ozone Intrusion Events and Comparison with
Chemical Reanalyses Using Daily Ozonesonde Measurements*
- 02/2018 **B.S.**, Atmospheric Science, Kongju National University, Korea

Research Campaign Participation

- 08/2022 Asian Summer Monsoon Chemical & CLimate Impact Project (ACCLIP), led by
*National Aeronautics and Space Administration (NASA) & National Center for
Atmospheric Research (NCAR)*
- Role: Korean balloon-borne sounding team, launching Ozonesonde.
- 02/2024 Airborne and Satellite Investigation of Asian Air Quality (ASIA-AQ) led by *National
Aeronautics and Space Administration (NASA)*
- Role: Korean balloon-borne sounding team, launching Ozonesonde.
